MATLAB lesson 6: M-files
Solutions to exercises

Dr. Gerard Capes*

1 Scripts and functions

Based on the lesson

1. Download the script

2. Download the script

Using MATLAB's help

3. (a) Download the script
    (b) Download the script
    (c) Download the script
    (d) Download the script
    (e) Download the script
    (f) Download the script
    (g) Download the script
    (h) Download the script
    (i) Download the script
    (j) See solution to question 3i

2 Optimisation

3. Download the script

4. Download the script
